About Nova Scotia Health Authority

Nova Scotia Health Authority (NSHA) operates hospitals, health centres, and community-based programs across the province. Our team includes employees, physicians, researchers, and volunteers who work together to provide a full range of health care services.

About Nova Scotia

Located on the east coast of Canada, Nova Scotia offers four seasons' worth of adventure. Hike soaring seaside cliffs, experience fine dining and culture on bustling city streets, and be the type of physician you truly want to be. Nova Scotia is big enough to provide endless opportunities, but small enough to make those opportunities your own. Become a key part of the community—both professionally and personally—wherever you decide to live.

Practice Opportunities

We have full-time practice and locum opportunities available throughout the province in both family practice settings and specialties. We also offer a range of incentive programs to help you get settled.

Incentive and Support Programs

Nova Scotia offers a variety of generous incentive programs including:

- Site visit program
- Relocation allowance program
- Debt assistance program
- Return of service family medicine bursary program
- Physician tuition relief program

For details on these programs and current practice opportunities, please contact: physicianrecruit@nshealth.ca
