

We are pleased to announce that **UpToDate® Anywhere** is available to our clinical staff. **You can now register for an account to access UpToDate remotely AND accrue CME for every clinical search.** UpToDate clinical decision support is a trusted resource that is proven to improve outcomes for healthcare organizations and now you can get immediate access to UpToDate whenever and wherever you need it. [Watch a short video on UpToDate key features](#)

Registration with UpToDate Anywhere provides the following benefits:

- Free UpToDate Mobile App for iOS® or Android™ devices
[Download mobile app.](#) [View how it works.](#)
- Easy remote access to UpToDate (outside of the hospital network)
- Convenient continuing education credits (CME/CE/CPD) earned researching clinical questions using UpToDate onsite, remotely, and on mobile
- Electronically submit UpToDate CME credits for ABIM MOC points [Watch a quick overview](#)
- Bi-weekly Clinical Newsletter – stay current with important updates from the UpToDate editorial team

New User Registration — it's easy and free to all clinical staff

1. Navigate to www.UpToDate.com from any computer connected to the hospital network.
2. Click *Register* in the top right corner of the page. The Registration page will display.
3. Complete all fields on the Registration page and click *Submit Registration*. You will use your UpToDate User Name and Password for future sign in via this method.

Maintaining Access

This account is linked to your affiliation with your institution. To keep your account active, simply access UpToDate through **EHR** or log in to www.UpToDate.com via the Hospital network every **90 days** to maintain benefits
