

GRADUATION CHECKLIST

✓ EXAMS

✓ PROM

✓ GRADUATE!

Vaccination against Meningococcal B infection is not part of your routine childhood vaccinations. If you're moving into a group living situation (residences or Military barracks), you should consider getting the Meningitis B vaccine.

✓ BOOK APPOINTMENT FOR MENINGITIS B VACCINE

✓ GET COPIES OF MY VACCINATION RECORDS

If you're considering going into a post-secondary health program, joining the military, or working in a health-related field, you will be required to present your vaccination records and be up-to-date on all of your routine vaccines.

✓ CATCH UP ON ALL MY VACCINES BEFORE I TURN 19

Did you know that if you weren't able to get your childhood vaccines you are able to consent for yourself now and get caught up? Childhood vaccines are free up until you turn 19.
