

DCPNS Insulin Pump Education Day 2024: Working Together to Drive Change.

Thank you !!!

We are delighted to report that the **DCPNS Insulin Pump Education Day 2024: Working Together to Drive Change** was a great success. We had a fantastic turnout of **80 attendees**, including clinicians, physicians, facilitators, managers, industry partners, and school health partnership nurses who participated in the all-day Zoom session on Thursday, March 7, 2024.

We express our appreciation to the presenters who made our event possible by sharing their wealth of knowledge and experiences, highlighting the innovative approaches to diabetes care and insulin pump management that are being implemented across the province.

Recordings of the sessions from the March 07, 2024 event is available in the links below:
